
Hi, I'm Wacca.

I usually doodle Harry Potter fandoodles, mainly Harry and Sirius,
and post them in my LiveJournal.(user name: waccawheels)

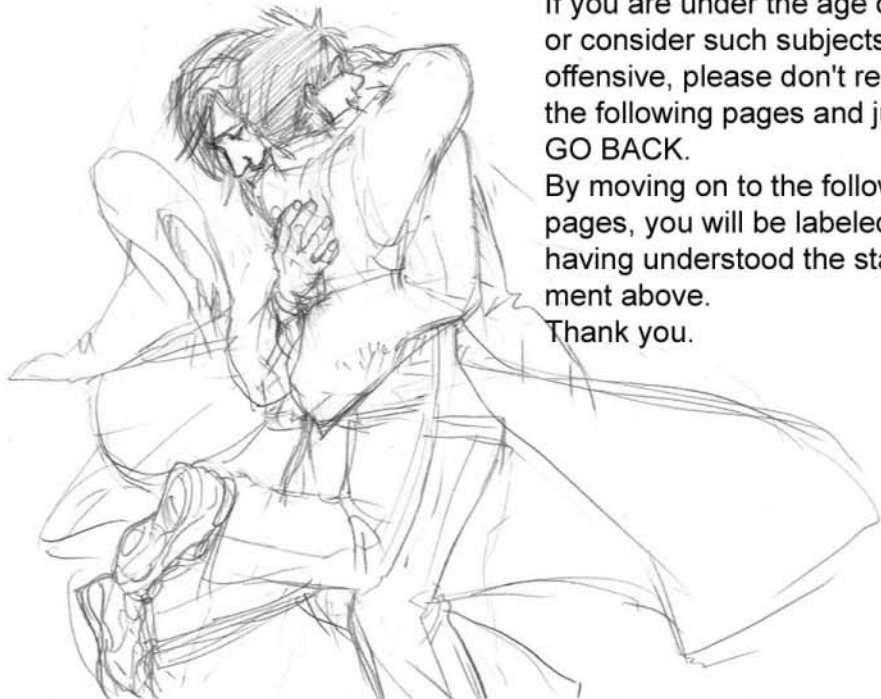

Please enjoy. :-)

PWP, The End!!

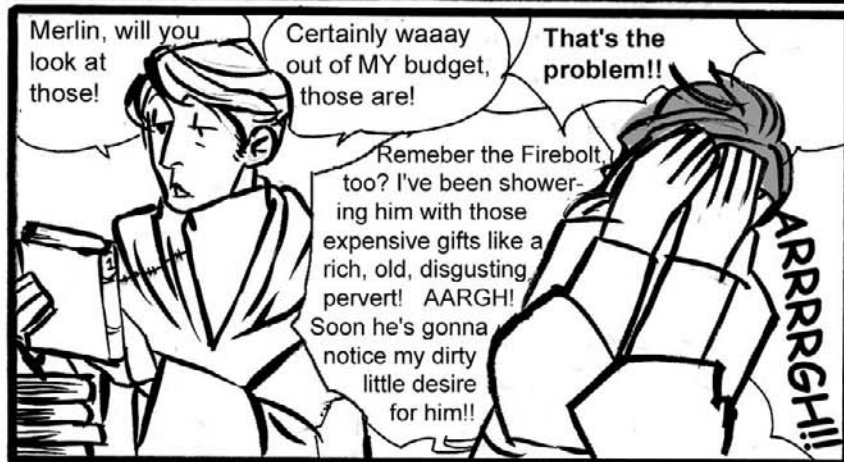

Harry and Luna.
I felt like Luna would be Harry's girlfriend in the future, when I read the "You heard them" scene at the end of OotP.
Personally, I prefer Luna over Ginny if it has to be one of them.

I'd like them to have the relationship like "happy just being together."

+++++ GIFT ARTS.....#1

I wish I could show these in larger sizes!
These are from Hiromi, PoA escape scene, and Harry and Sirius.

She likes Draco/Hermione, but kindly drew them for me.

I can't believe she is still 17. She is so talented... I WANT her drawing hand, seriously.

This was drawn for "Study," a series of smut doodles under the theme of "Lucius sketching Draco." And this is the last piece of them.... Draco visiting Lucius in Azkaban. Not so sketchy because it's not actually a sketch but the last memory of Lucius. Blah blah.

BEYOND THE VEIL

SIRIUS!!

— it's too late,
Harry.

++++ GIFT ARTS....#2

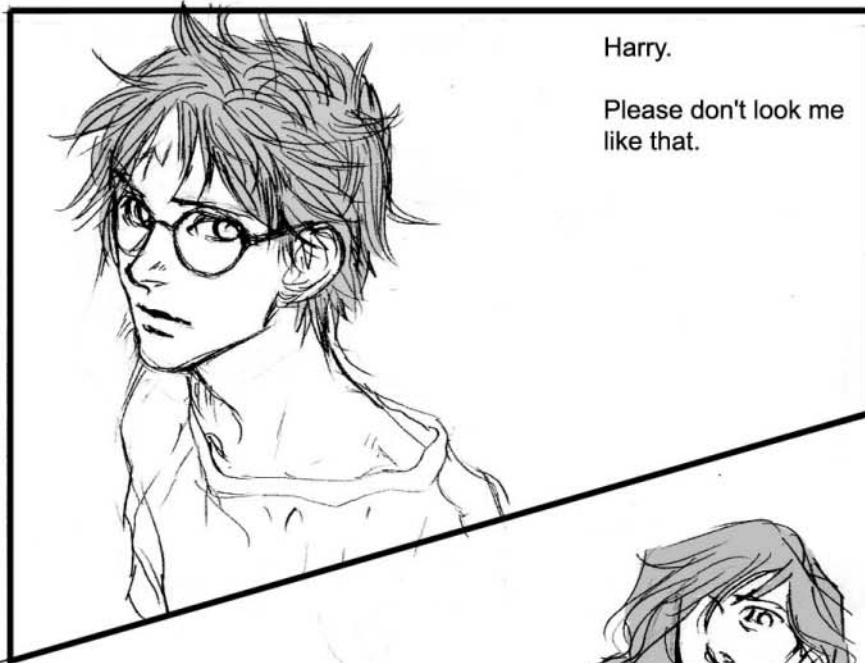

Beauuutiful Harry and Sirius I got from Duckpuppy the Harry/Draco Queen! Though there is a coloured version which is BEAUTIFUL as well, I couldn't use it because this fanzine is for black/white print. I also couldn't exhibit other wonderful giftarts from other brilliant artists for the same reason. Heh. *sigh*

Harry.

Please don't look me
like that.

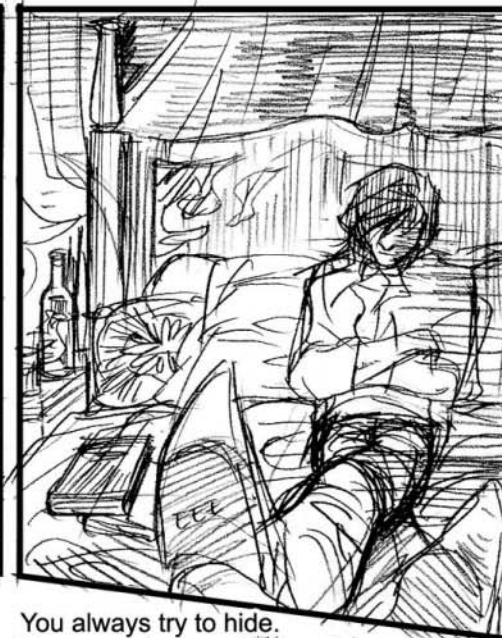

EARLY GRAVES

WACCA 04

My eyes are dead like
grey granite stones
which can only reflect
things coldly

which can't receive your
too-raw-to-call-it-sensitive
emotions behind those
beautiful eyes of you

I'm just worried
whether I'd be able to--

You always try to hide.
You try to say something
but it stops just before your lips.
You try to carry all the burdens
on your shoulders.

But the eyes of perfect
arcs and the lips tightend
firmly are telling things so
erofrequently that they make
me feel like as if I have
already heard everything.

But I don't say a word.
I don't want to hurt your pride.

I watch you,
thinking you'll tell me,
after all these
hesitations.

You notice my stares.
Are you surprised?
Relieved?

I can tell
how your eyes are
different from Lily's,
how your face is
different from James'
—how you are no one else
but you.
I can tell.

Because—

—Because, I love you.

I love you, Harry.

But I'm your godfather
and I promised your
parents and....

Oh, Harry,
please, please
understand—

I could withstand Azkaban.
Walls covered with
rotten moss and
the smell of blood,
and death coming into
our lungs with every breath,
floating on the mists of the sea.

But I cannot
withstand your eyes.

Harry.
Just a little bit.
You can wait a little bit longer
then you'll be old enough.

James, Lily--- I'm sorry
I've made up my mind already

Just be patient.
It's nothing compared to the years we had to be apart.

I am Harry's.
I'll spoil him to bits.

I know, it may seem the time is
creeping ever-so-slow.
but....

This baby will
have every tender
part of my heart.

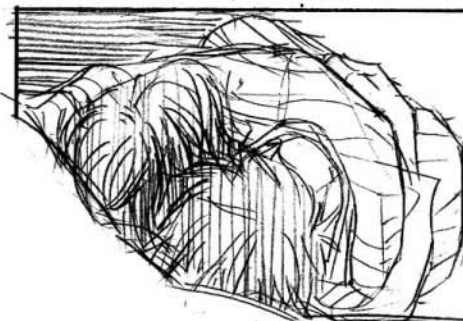

Our sweet little
Harry.

....but, the time will come.
Then we'll buy my house back with all the money I got.
It'll be OUR house, Harry. Just you and Me.
So.

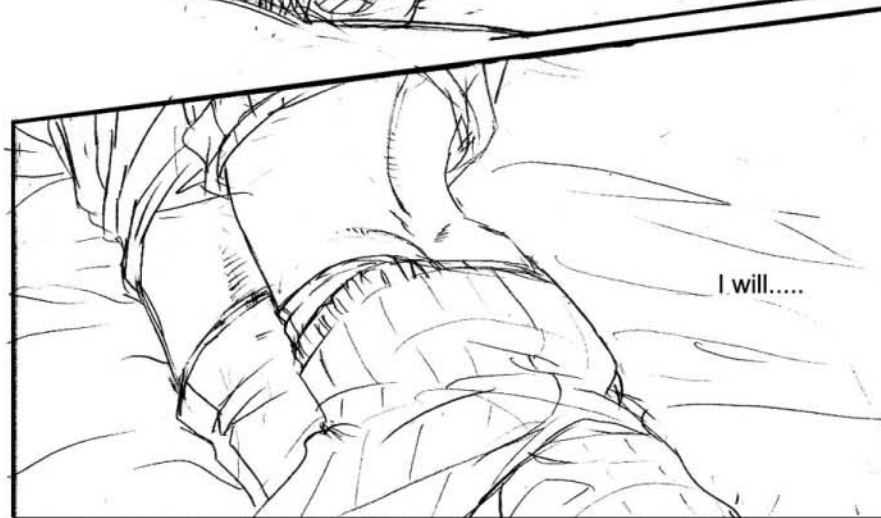

Harry.

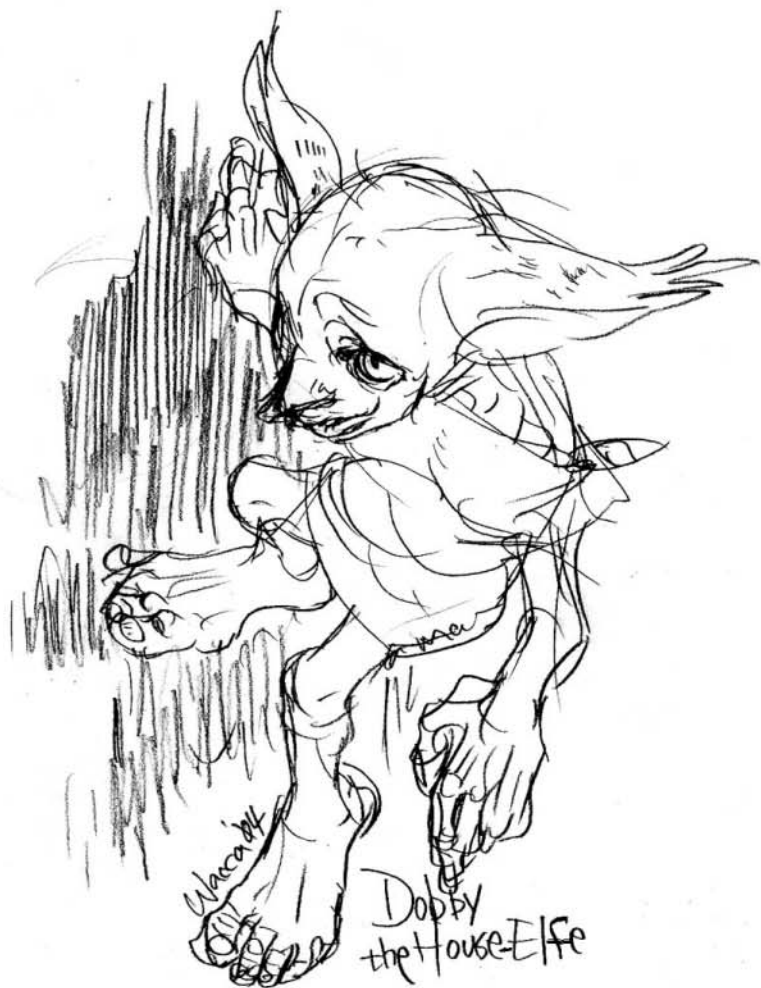

Can you wait
a little?
I promise, it
won't be long.

So, for now,
you can torment me with
those piercing eyes of yours,
filled with anger, frustration
and fear.
I'll indulge in suffering.

I will.....

GIFTART #3!!

Got from my 15 years' friend;
Mitsuyoshi. (Pen name, BTW.)

She kindly let me stay at her
apartment at the night before
the con, so I forced her...eh,
I begged her to draw this. ;P

Thanks!! You are
always amazing.

With love <3

— I'm glad that this fanzine seems to be finished anyway, although I started making it without thinking.... I'm not sure this is what I wanted to do, though.

— I've re-read the 5th book partly (* the scenes where Harry and Sirius get involved) for this fanzine-making. I think I've thought about things too much, 'cause I was just determined to believe that Harry and Sirius is Canon.... *lol*

— I love them because they're the sort to make trouble, and they like each other a bit too much since they're two people who haven't had a real home, and now they have a "real" family for the first time (sort of).

— It seems Sirius will appear in the next book somehow (IMO), but probably not the way he used to be— not as the Silly!Dogfather!Sirius. Sad. :-(I had always been looking forward to read about Harry and Sirius being friendly after the 'another home' in PoA. I'm not sure any longer if I'll be able to enjoy the next books.

— This Snape below is the one from my website. I don't like him while I am reading the books, because I read books in Harry's POV. The same with Slytherins or the other characters that Harry dislikes. But he is my 2nd favorite, once I finish reading.
The 1st is Sirius, after his appearance in PoA, by the way.

— Thank you very much for reading!
I hope I'll be able to see you again.
And I'd be very glad if you could visit my website, too.
